

# MediTrack: Revolutionizing Patient Record Management

---

## Introduction

Welcome to MediTrack, the premier software solution designed to optimize how healthcare professionals manage patient records. From tracking medical histories and lab reports to streamlining e-prescriptions and backups, MediTrack simplifies your daily tasks and enhances patient care. Our intuitive platform allows you to access vital information anytime, anywhere—whether on a tablet or mobile device.

---

## Why Choose MediTrack

### Integrated Functionality

MediTrack brings together a robust suite of features, allowing you to manage all aspects of patient care in one cohesive platform. Say goodbye to juggling multiple systems and hello to streamlined efficiency.

### Real-Time Connectivity

Keep your patients engaged and informed with our integrated e-notifications and SMS capabilities. Daily backups and visit summaries ensure that you never miss a detail in patient care.

### Simplified Management

Our intuitive interface makes it easy to handle patient records, tests, and billing. Quickly track sales and analyze key metrics to make informed decisions that enhance your practice.

### Budget-Friendly Investment

Benefit from a one-time purchase with no ongoing server fees. MediTrack is designed to be a long-term investment in your practice's operational success.

---

## How MediTrack Helps Drive Growth and Efficiency

### Streamlined Operations

Optimize your practice's processes with our comprehensive platform. From managing patient records to daily analysis, MediTrack reduces manual tasks and minimizes errors, letting you focus on what matters most.

### Improved Patient Communication

Stay connected with automated email notifications and SMS updates (SMS updates are paid). Enjoy 500 free SMS messages in your first month, making patient outreach simpler than ever.

### **Insightful Performance Analysis**

Utilize our analytics features to gain insights into your practice's performance. Identify trends, track growth, and make data-driven decisions to propel your success.

### **Anywhere Access**

Work on-the-go with MediTrack's mobile accessibility. Whether at the office or remotely, you'll always have critical information at your fingertips.

---

## **Pricing Details**

**One-Time Purchase:** 55,000 LKR – Enjoy all the features with no monthly server charges. 14 Days free trial available.

**500 Free SMS:** Included in your first month. After that, only 1.50 LKR per SMS. Monitor and manage your SMS usage easily.

**Customization Fees:** Tailor MediTrack to meet your specific needs. Customization costs will be quoted based on your requirements.

**Maintenance Fees:** First month is completely free. Subsequent maintenance costs will be quoted based on your requirements.

**Free Website:** Choose your own domain, and we'll create a free website for you.

**Note:** If you run the software in your own domain & server there will be an annual charge for domain & server renewal. But if it's running on ours, no any annual or monthly charges. You can request a demo for one-week.

---

## **Hardware Requirements**

**Computer:** Processor: Intel Core i3 or equivalent, RAM: 4 GB or more, Storage: 500 GB HDD or 256 GB SSD

**Internet Connection:** Minimum: 2 Mbps download and upload speed

**Printer:** Standard printer for printing reports and invoices

**Note:** If you don't have the required hardware, no worries! We offer affordable hardware options to meet your needs. Please contact us for detailed pricing and options.

---
